## Face Lifting

Overage Face Lifting is a treatment with a cosmetic lifting effect that gives the skin of the face freshness, reducing the appearance of wrinkles and signs of age. A product with a lifting and firming action to be applied on the face, and in particular on the oval, on which it is able to act on the redefinition and lifting of the face. Choose the box if you want more hydration, an immediate lifting effect or if you want to boost the action of your face cream.

- ✓ Four molecular weight Haluronic acid: Highly hydrophilic molecule which, thanks to its chemical structure, is able to bind numerous water molecules.  
Low molecular weight hyaluronic acid penetrates the deeper layers of the epidermis, giving the skin greater firmness, elasticity and intense hydration.
- ✓ Glycolic acid: contributes to cell renewal of the skin, promoting radiance, elasticity and hydration.
- ✓ Nannochloropsis Oculata extract and Pullulan: Purified extract of algae of the genus Nannochloropsis combined by biotechnology with a polysaccharide fraction (Pullulan), provides a protective, restructuring, lifting and toning action. Also has a stimulating effect on fibroblasts in the endogenous collagen production.
- ✓ 100% Notice a lifting effect

The effectiveness of the Overage Day, Night, Lift products is supported by the positive opinion expressed by the vast majority of volunteers at the end of the four-week treatment on all the efficacy parameters evaluated (reduction in signs of fatigue, brighter face, more relaxed skin and plumped). Furthermore, most of the volunteers appreciated the smoothing and delicate action on the skin of the Cleanser, combined with the cream. When asked "Would you purchase these products?" 90% of those interviewed expressed a favorable opinion. Therefore, it is possible to state that Overage products used according to protocol act effectively on the face, carrying out a regenerative and stimulating action during the night, reducing wrinkles and making the skin more elastic and soft. The products, therefore, have an anti-aging and firming action during night sleep.

**Overage Eye Gel** treatment for the eye contour, formulated with functional substances known for their vaso-protective, decongestant, anti-ageing and moisturising action. Specifically formulated for the periorcular area to attenuate bags, wrinkles and expression lines. Its progressive action is proportional to the time of use.

### Main Actives

- ✓ Albizia Julibrissin (silk tree) and darutoside extract: protects, strengthens and improves the dermis properties. By consolidating the fragile microvascular network and stimulating

# OVERAGE

## Day

Overage Day Set is a moisturizing anti-aging day beauty routine for all skin types. Treatment ideal to prevent the signs of skin ageing. Its formula rich in active ingredients stimulates skin regeneration, producing an anti-wrinkle effect. Overage Day contains Hyaluronic Acid, which has a global action on the treated area providing hydration.

○ Low molecular weight Hyaluronic acid: Highly hydrophilic molecule which, thanks to its chemical structure, is able to bind numerous water molecules. Low molecular weight hyaluronic acid penetrates the deeper layers of the epidermis, giving the skin greater firmness, elasticity and intense hydration. It alleviates the phenomena of superficial dryness and skin dehydration.

○ Hydrolysed Elastine: This is a fibrous protein of connective tissue. It gives the skin its characteristic elastic response when subjected to mechanical stress. It helps counteract the ageing process and the formation of wrinkles.

○ Ceratonia Siliqua gum: Plant-derived hyaluronic acid to improve hydration and water retention, creating a visco-elastic film on the skin that improves smoothness and softness.

✓ 100% Notice a lifting effect

the detoxifying system, it reduces capillary leakages and accumulation of glycotoxic pigments responsible for uneven coloration and fatigue appearance, giving a lifting effect on sagging upper eyelids.

✓ Mix of actives: developed to visibly reduce dark circles and puffy eyes containing purified natural soy, rice peptides, biotechnologically manufactured superoxide dismutase blend.

### Overage Cleanser

It is a balancing cleanser that gently removes impurities from the skin thanks to cleansing agents selected for their extreme delicacy. It acts in depth by gently cleansing without drying or irritating. Its formula, enriched with vegetable oils chosen for their very high fatty acid content, nourishes the skin in depth, improving its elasticity and smoothness and reducing redness. It is particularly suitable for sensitive skin.

# OVERAGE

## Night

Overage Night Set brings together treatments specially formulated for mature skin that wants more firmness and reduced wrinkles. It is an ideal night treatment for firming the skin and reducing wrinkles while you sleep. The synergistic action of the three products helps to plump, redensify and compact the oval of the face.

### Actives

4 molecular weight Haluronic acid: A combination of four kind of hyaluronic acid (HA) with different properties, acting on the different skin layers to ensure deep, multi-level hydration.

- Sodium Hyaluronate Crosspolymer, forms a compact and protective film on the skin surface.
- Sodium Hyaluronate, retains water on the skin's surface by nourishing the stratum corneum.
- Sodium Acetylated Hyaluronate, firmly adheres to the stratum corneum, repairing and moisturising it.
- Hydrolyzed Sodium Hyaluronate, rapidly penetrates the epidermis and dermis.
- Retinol & Retinyl Palmitate: Stimulate skin elasticity and tone, reduce wrinkles and promote cell turnover. It increases collagen and elastin levels, making the skin firmer and more elastic.

✓ 90% Experience a reduction in signs of fatigue

### Actives

Sweet Almond oil: it has one of the highest percentages of unsaturated and polyunsaturated fats, which determine its emollient and nutrient properties useful for the skin.

Olive oil: Obtained from the pulp of the olive fruits, it is a powerful antioxidant. It protects against the harmful action of free radicals and prevents the effects of ageing. It also has a soothing effect on redness and irritation and is well tolerated even by the most sensitive skin.

Linseed oil: Rich in essential fatty acids of the Omega 3, 6 and 9 group, it is considered an excellent anti-ageing agent. Borage Seed oil: Borage Seed Oil is the most abundant vegetable source of gamma-linolenic acid, a polyunsaturated fatty acid that is very useful for keeping skin elastic, puffed-up and young. Argan oil: protects sensitive areas and restores elasticity and firmness to the skin. It has an anti-radical and anti-oxidant action that helps against skin ageing. Rose Mosqueta: oil is rich in polyunsaturated fatty acids and natural antioxidants, Tocopherol and Carotenoids, and numerous Phytosterols. It provides dry skin with deep nourishment and hydration.

**At the end of the cosmetic-clinical study conducted on 20 volunteers aged between 40 and 70, it emerged that treatment with the Overage Cosmetics Line, used according to protocol, for 4 weeks effectively counteracts the signs of aging.**
